Tees (Plastic, Wood, Matte, Oversize Golf Tees)

PTS Wood

• Since 1950, Pride Deluxe Golf Tee has been the No. 1 golf tee in the world. Made of 100% solid hardwood, every Pride Deluxe Golf Tee is engineered and designed to provide maximum performance.

PTS Pride Performance

Pride Performance is a plastic golf tee engineered with a special low-resistant head that creates less friction between the golf ball and tee, resulting in longer drives. The enhanced design creates increased stability for the Pride Performance tees.

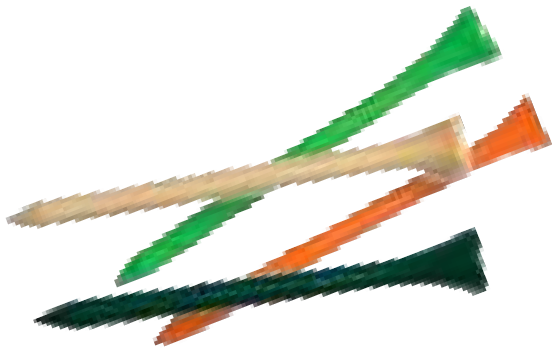

PTS Pride Performance Hybrid Tee

• The PTS Pride Performance XL tee is a hybrid plastic/wood blend. These tees are super strong and have ridges to help with tee placement in the ground.

PTS MaxxPro

The PTS MaxxPro golf tees are engineered with a larger head to allow easier placement of the golf ball. The PTS system is a proprietary system of printed golf tees that allows for easy identification of length and height.

Pride Deluxe Wood Golf Tees

Since 1950, Pride Deluxe Golf Tee has been the No. 1 golf tee in the world. Made of 100% solid hardwood, every Pride Deluxe Golf Tee is engineered and designed to provide maximum performance and durability.

Zarma Flytee

The Zarma FLYTee has a six prong head and a shallow cup design that reduces surface contact in order to promote additional distance and accuracy.

Spikes

Pivix

The Pivix cleat is a low-profile design that is green-friendly without sacrificing performance. Its springflex design allows the Pivix legs to flex and rotate throughout the golf swing in order to create additional traction yet minimal green damage.

Pulsar

Pulsar is the most popular cleat in the industry! Pulsar golf cleats feature eight flexible legs, providing exceptional comfort. The green-friendly pads assist in grip and traction.

Stealth

The Stealth cleat is offered exclusively in the PINS insert system. The low-profile design allows golfers to feel closer to the ground and harness their highest level of balance and stability.

Cyclone

Cyclone are multi-material cleats with advanced rotational design to counteract the forces seen during impact. Cyclone also features Softspikes patented Dynamic Cleat Technology™ to provide the ultimate in traction and durability.

Black Widow

Black Widow golf cleats feature eight flexible legs for the ultimate in comfort and traction. Black Widow is the only cleat that is offered in four different insert systems.

Silver Tornado

The Silver Tornado cleat is a multi-material cleat with a counter-rotational design that provides the best level for balance and stability. Silver Tornado is constructed after its name with six angled legs that look like a tornado.

Zarma Tour / Under Armour

The Zarma Tour/Under Armour combo disk includes both cleats. The Zarma Tour cleat has six flexible anti-clogging legs that offer grip and comfort. The patented performance webbing disperses energy to reduce cleat pressure for added support.

Zarma Tour

The Zarma Tour cleat has six flexible anti-clogging legs that offer grip and comfort. The patented performance webbing disperses energy to reduce cleat pressure for added support.

Golf Ball Alignment Tool

The Softspikes Golf Ball Alignment Tool is the ONLY tool that marks both sides of the ball. Swing and putting lines are clear with this easy-to-use tool. Includes free mini marker.

Helix

The Helix golf cleat has soft material legs that minimize marks on the green and provide extra cushion to the golfer. The tour-inspired cleat offers maximum traction, durability and stability.

Scorpion Stinger

The Scorpion Stinger cleat has three soft, anti-clogging legs for extra comfort and traction. This cleat is an all-weather performance cleat, ideal for wet conditions.

Cleatkaddy

Softspikes CleatKaddy's fast-ratcheting action makes quick work of replacing golf cleats. The tool provides the torque needed to replace any cleat and it also includes a ripper bit to remove the most stubborn cleats.

Multi-wrench Kit

The Softspikes Multi-Wrench Kit offers both the Softspikes Cleat Ripper and the Softspikes 2-prong Insertion Wrench. Now installing or changing cleats has never been easier!

Two-pin Cleat Wrench

The Champ Two-Pin Cleat Wrench can remove and install most cleats with ease.

CLEAT REPLACEMENT GUIDE

CLEAT REPLACEMENT GUIDE

Find your shoe brand in the left column, then locate the style in the columns to the right – OR – match your shoe's cleat receptacle to one of the images across the top row, then choose any Softspikes® or Champ® cleat package that fits that Insert System.

If your shoe is not on this chart, or you need more information about choosing the right replacement cleats, visit www.softspikes.com/crg.

START HERE	<i>If your receptacle looks like one of these:</i>	<i>If your receptacle looks like this:</i>	<i>If your receptacle looks like this:</i>	<i>If your receptacle looks like this:</i>	<i>If your receptacle looks like this:</i>	<i>If your receptacle looks like this:</i>

IMPERIAL IMPORT

Imperial also run small volume, high quality caps and beanies through our Custom program. These are the only caps & beanies that we do not carry in stock, and are made exclusively for facilities as a custom line.

Imperial's off shore Empire program is indicated by an "E" in our catalogue. These caps are shipped direct from our Asian factories to Australia. Not only does that allow very competitive pricing, but also the option of many more art application techniques and locations that are not available post construction.

MENS CAPS

Original Performance X210P

- Performance polyester fabric
- Lightweight, breathable and moisture wicking
- Unstructured low-sweep profile

The Whitaker 1988

- Super soft washed poly fabric
- Structured mid-crown profile
- Rubberized hook & loop backstrap
